INVESTMENT APPROACH

Our approach brings the world's leading managers and strategies together—in an efficient and diversified portfolio—aimed at achieving your goals.

Data as of December 31, 2024 unless otherwise stated.

OUR EXPERIENCE

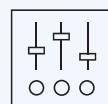

89 years ago

We were founded as a small brokerage firm by Frank Russell.

56 years ago

We were a pioneer in providing **asset allocation** and **manager research** to some of the world's largest pension plans.

40 years ago

We used our institutional expertise to build **multi-asset model portfolios** for advisors serving individual investors.

Not a Deposit. Not FDIC Insured.
May Lose Value. Not Bank
Guaranteed.
Not Insured by any
Federal Government Agency.

Our mission is to improve people's financial security.

Whether you're trying to grow your investments, maximize your after-tax wealth, or generate sustainable income during retirement—together with your financial advisor—we can help you achieve your financial goals.

Learn more about how we can help at russellinvestments.com.

Fund objectives, risks, charges, and expenses should be carefully considered before investing. A summary prospectus, or a prospectus, containing this and other important information can be obtained by calling 800-787-7354 or by visiting russellinvestments.com. Please read a prospectus carefully before investing.

The investment styles employed by a Fund's money managers may not be complementary. This concentration may be beneficial or detrimental to a Fund's performance depending upon the performance of those securities and the overall economic environment. The multi-manager approach could increase a Fund's portfolio turnover rates which may result in higher levels of realized capital gains or losses with respect to a Fund's portfolio securities, higher brokerage commissions and other transaction costs.

Please consult with your financial and tax advisors before investing.

Diversification does not assure a profit or guarantee against loss in declining markets. Please remember that all investments carry some level of risk.

Russell Investments' ownership is composed of a majority stake held by funds managed by TA Associates Management, L.P., with a significant minority stake held by funds managed by Reverence Capital Partners, L.P. Certain of Russell Investments' employees and Hamilton Lane Advisors, LLC also hold minority, non-controlling, ownership stakes.

Client list selection criteria

Global representative client list was selected from Russell Investments' complete client roster and clients have given permission to publish their names (as of 12/2024).

russellinvestments.com

Every investor's needs and preferences are unique. And as wealth grows, so do expectations and complexity—like **tax management** and **personal preferences**.

That's where **Personalized Managed Accounts** comes in. PMA is a distinctive solution tailored to your unique and specific needs, featuring:

- Separately managed accounts
- Custom overlay services (e.g., tax management)
- Personalized transition management

Carefully crafted to suit your investment needs

First, choose your chassis. Depending on your goals and preferences, one, or a combination of several, of our Separately Managed Accounts will form the foundation for your personalized portfolio. Then select one or multiple features to customize your portfolio to best reflect your goals, circumstances and preferences.

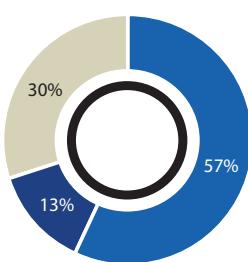

Our SMA solutions draw from Russell Investments' complete toolkit of active and direct indexed strategies, along with 40+ years experience of active investing.

Separately managed accounts offered through the PMA program

	SMA SOLUTION	INVESTMENT MINIMUM
Direct-Indexed (DI) SMAs: Designed to achieve index-like market exposure through direct stock holdings	Personalized DI All Cap SMA Personalized DI Large Cap SMA Personalized DI Large Cap Growth SMA Personalized DI Large Cap Value SMA Personalized DI International SMA	\$250,000 \$100,000 \$100,000 \$100,000 \$250,000
Active SMAs: Assets managed by best-in-class managers researched by Russell Investments	Personalized Large Cap SMA Personalized Small/Mid Cap SMA Personalized International SMA	\$80,000–\$100,000 \$60,000–\$100,000 \$60,000–\$100,000
Core Equity SMAs: Combine multiple strategies in a single account	Personalized Core Equity SMA Personalized DI Core Equity SMA	\$500,000 \$500,000

Personalized Core Equity SMA

The percentages represent the target allocation as of 8/11/2022 and may change in the future.

Personalized DI Core Equity SMA

The percentages represent the target allocation as of 6/1/2022 and may change in the future.

Please note that the products listed above may or may not be offered by your advisor's firm. The minimum investment amount varies by platform.

Take control with personalization...

PMA empowers you to add custom overlay and exclusion services to your Personalized Separately Managed Accounts to provide a truly active approach offering flexibility and a higher level of customization.

Tailor to your needs

Help maximize your after-tax wealth

Access a robust toolkit of tax-managed overlay services designed to potentially maximize after-tax wealth.

Develop an optimal tax-efficient transition plan

Reposition your equity portfolio with appreciated low basis shares and embedded gains tax-efficiently on a timeline, tax or capital gain budget dictated by you.

Align your investments with your preferences

Restrict purchases or exclude holdings of specific stocks, industries, categories or themes in your customized portfolio.

Diversify a concentrated stock position

Build around a concentrated stock position with a low-cost basis that would trigger significant capital gains if you sold it.

Limit purchases in stocks or industries you already own

Limit additional ownership in restricted stock in a company to which you already have exposure.

Equip your portfolio with our active tax-managed overlay services

Centralized

- Trading
- Implementation

Year-round tax management

- Tax-loss harvesting
- Wash sale minimization
- Tax-smart turnover
- Holding period management

Dedicated team

- Investment professionals focused on potentially maximizing your after-tax outcome

Transition accounts easily and efficiently

Our transition management service develops an optimal transition plan designed to:

- Transition your current portfolio to PMA tax-efficiently and seamlessly
- Optimize your transition around the timeline, tax or capital gain budget determined by you
- Manage large embedded capital gains
- Diversify concentrated portfolio positions
- Allow for restrictions based on your individual preferences

Your Financial Professional will work with you to gather information to create your custom transition analysis report. A Tax-Budget transition approach is available for: both Personalized Core Equity solutions and the DI SMAs.

About Russell Investments

Russell Investments is one of the leading global investment partners providing tailored solutions and services to institutions and individuals through financial intermediaries. Russell Investments is dedicated to improving people's financial security. Our approach incorporates in-depth manager research to select some of the world's leading institutional investment managers and strategies, offering the best ideas of each manager within well-diversified separately managed accounts and mutual funds.

Ask your Financial Professional to learn more.

IMPORTANT RISK DISCLOSURES

Personalized Managed Accounts ("PMA") is a program of Russell Investment Management, LLC ("RIM") and offers customized portfolio management services.

Each Personalized Separately Managed Account is a product of Russell Investment Management, LLC ("RIM") and offered through RIM's Personalized Managed Accounts ("PMA") program. It represents a model portfolio provided by RIM. For active SMAs, it reflects a composite of third-party investment advisors selected by RIM. When the model is implemented, PMA is a separately managed account program of individually owned securities that can be tailored to meet investor's investment objectives. RIM offers diversified, single or multi-asset managed accounts that can be customized to the investor's investment objectives, circumstances and preferences, such as (but not limited to), market exposure, risk management, tax management, category and theme-based restrictions, and return objectives. Excluding any allocations to pooled investment vehicles, if any, each investor's account is managed separately from other investor accounts, allowing for a personalized experience to deliver unique investment outcomes.

Diversification and strategic asset allocation do not assure a profit or guarantee against loss in declining markets. Please remember that all investments carry some level of risk. Investment in one or more separately managed accounts is not a complete investment program and involves risk; principal loss is possible. The principal value of the account is not guaranteed at any time. There are no assurances that the objectives in this material will be met.

Investments in small cap, micro cap, and

companies with capitalization smaller than the Russell 2000® Index, are subject to the risks of common stocks, may experience considerable price fluctuations and are more volatile than large company stocks. Generally, the smaller the company size, the greater the risks.

Investments in global equity may be significantly affected by political or economic conditions and regulatory requirements in a particular country. International markets can involve risks of currency fluctuation, political and economic instability, different accounting standards and foreign taxation. Emerging or frontier markets involve exposure to economic structures that are generally less diverse and mature. The less developed the market, the riskier the security. Such securities may be less liquid and more volatile.

The decision to use PMA in investors' portfolios and related investment advice are provided through financial advisors and other financial intermediaries that are independent of RIM and its affiliates. Investors should consult with their financial advisor to determine which services and programs are appropriate to meet their investment objectives.

A note about the transition approaches which may be featured in the transition analysis report:

The Timeline approach which moves the existing portfolio to the new strategy over a set number years, is available for all Personalized separately managed accounts (SMAs).

The Tax-Budget transition approach which moves the existing portfolio to a new strategy while limiting taxes or capital gains per year, is only available for: both Personalized Core Equity solutions, Personalized DI Large Cap SMA, Personalized DI Large Cap Growth

SMA, Personalized DI Large Cap Value SMA, Personalized DI All Cap SMA, and Personalized DI International SMA.

ADDRESSING YOUR UNIQUE INVESTMENT NEEDS

As wealth grows, so does the complexity of your financial situation, calling for careful planning and innovative solutions that recognize your unique circumstances.

At Russell Investments, we've been a leader in investment innovation since the firm's founding in 1936. We've partnered with financial advisors for more than 40 years, providing solutions and support while they've helped their clients overcome complex financial planning challenges.

As an investor, you may find yourself facing a range of challenges, such as:

- **A current or future financial planning need.** You may have large embedded investment gains or may want to plan for the sale of a business, real estate or stock options.
- **Specific securities or industries you need to restrict,** based on existing holdings outside the current portfolio.
- **Specific investment preferences** you wish to implement based on your beliefs or values.
- **A concentrated stock position** that you want to diversify in a tax-efficient manner.

To address these challenges, you need more flexibility and personalized options – such as enhanced tax management, custom transition planning and investment screening.

That's where our **Personalized Managed Accounts (PMA)** program comes in. PMA is a distinctive separately managed account (SMA) solution tailored to your unique and specific needs.

Here are three reasons to consider Personalized Managed Accounts:

Potentially maximize your after-tax wealth

1 Use any tax losses harvested in your account to offset taxable income from other sources, or plan for future taxable events. Russell Investments employs a disciplined, year-round tax management approach based on 35+ years of experience.

Transition your portfolio tax-efficiently

2 Address embedded gains and other portfolio transition needs using Russell Investments' customized transition management service. Establish a tax budget or a specific timeline for making the transition.

Align your investments with your specific needs or preferences

3 Set stock restrictions and preferences based on your unique needs or select from a list of pre-defined exclusions.

1 POTENTIALLY MAXIMIZE YOUR AFTER-TAX WEALTH

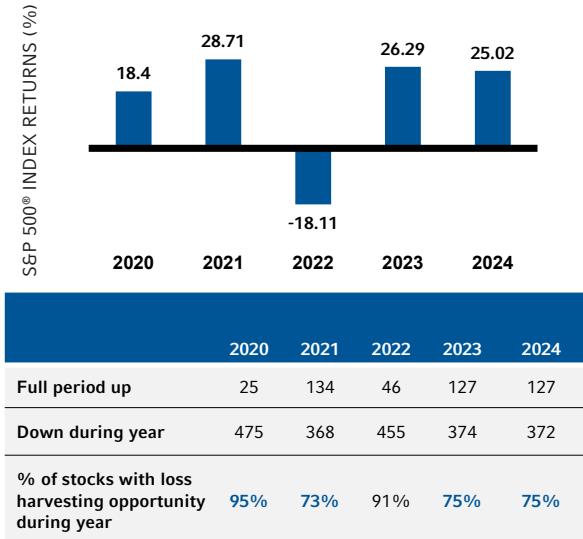

In a separately managed account, direct ownership of securities means you own the losses generated through any loss harvesting. These losses can be used to offset other taxable income in the current year or in future years (through capital loss carryforward). This can have a powerful impact on your overall financial planning, for example, helping to address:

- The sale of a business, real estate or stock position
- Portfolio adjustments or rebalancing

Active year-round tax management is the key to building tax assets in both up and down markets. When we consider that the S&P 500 has posted positive calendar-year returns 74% of the time since 1926¹, it would seem to offer relatively few opportunities for loss harvesting. But a closer look at a strong year like 2024 reveals that 372 (or 75%) of the stocks in the S&P 500 were down (year-to-date) for at least one month during that year.²

When you choose PMA, you have access to Russell Investments' 35+ years of experience in tax management, which employs active year-round strategies to systematically build tax assets and optimize your after-tax outcome.

S&P 500® returns and loss harvesting opportunities, 2020-2024

¹ S&P 500 Index 1926-2024. ² Chart analysis is based on S&P 500 constituents as of 12/31/2024. "Full period up" indicates stocks that were never down YTD at the end of any month during the year. "Down during year" means stock was down YTD for at least one month during the year. Stocks that do not have full year returns were excluded. Index returns represent past performance, are not a guarantee of future performance, and are not indicative of any specific investment. Indexes are unmanaged and cannot be invested in directly.

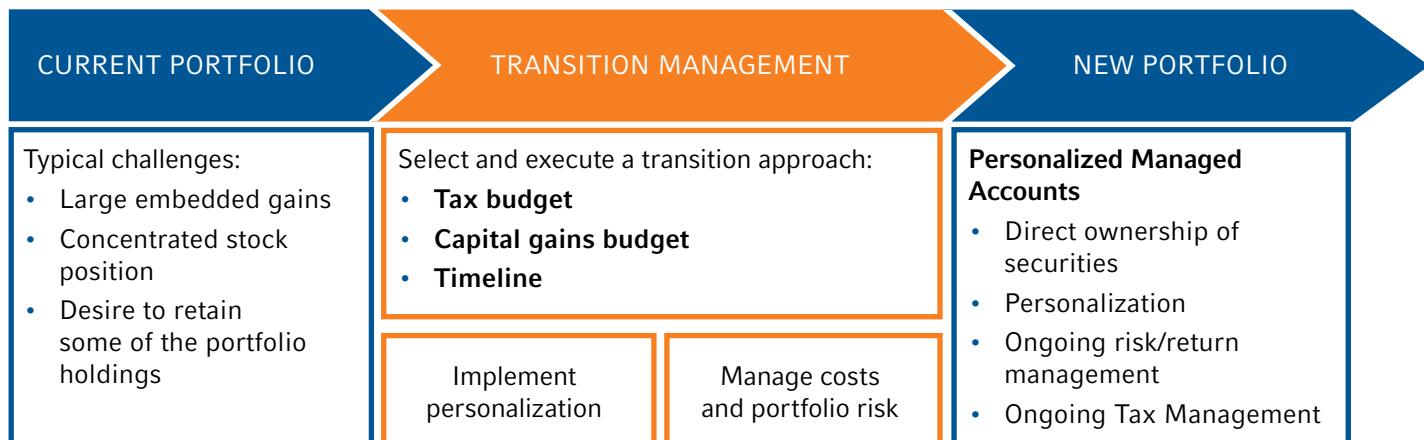

2 TRANSITION YOUR PORTFOLIO TAX-EFFICIENTLY

Portfolio transitions require careful planning, especially when taxes are involved. Effective transition management serves to implement a new strategy and investor preferences while managing costs and portfolio risk.

When you choose PMA, your financial professional will work with you to develop a transition plan on your terms to make the move smooth and efficient. Russell Investments' transition management service will assist by analyzing your situation and building a plan that incorporates your preferred transition approach:

- The **timeline** transition approach moves the existing portfolio to the new strategy over a set number of years.
- The **tax budget** transition approach moves the existing portfolio to a new strategy while limiting taxes or capital gains per year.

Whether you select an immediate transition or a more gradual process, the transition team manages every step.

3 ALIGN YOUR INVESTMENTS WITH YOUR SPECIFIC NEEDS OR PREFERENCES

As an investor, you may want a level of customization that cannot be effectively implemented in your current portfolio. Whether you need to restrict certain securities or industries due to existing business interests, or you are looking to apply values-based preferences, PMA can accommodate your personalization needs, while monitoring the portfolio to ensure it is aligned with your appropriate risk and return profile.

What does personalization look like for you?

Russell Investments' PMA program empowers you to add investment exclusions in the following ways:

CUSTOM RESTRICTIONS

You identify specific restrictions based on your needs.

For example, you may choose to restrict:

- An individual security
- A list of securities
- Sectors and industries

CATEGORY AND THEME-BASED RESTRICTIONS

Exclusionary Categories

- Abortion & contraceptives
- Adult entertainment
- Alcohol
- Animal testing
- Cannabis
- Controversial weapons
- Firearms
- Fur and specialty leather
- Gambling
- Military contracting
- Oil/Gas
- Riot control
- Thermal coal
- Tobacco

Exclusionary Themes

- Catholic values
- Environmental impact
- Human rights & social impact
- Shariah aligned

YOUR NEXT STEPS WITH PMA

Depending on your goals and preferences, one or a combination of our SMAs will form the foundation of your personalized portfolio. Then, simply select the features to build a portfolio that best reflects your goals, circumstances, and preferences.

With Russell Investments' separately managed accounts, you can leverage a sophisticated investment approach and in-depth manager research backed up by Russell Investments' 50+ years of experience providing investment solutions to global institutional investors. Connect with your financial advisor to learn how you can benefit from this same investment approach and personalize your wealth-building strategy to meet your desired outcomes.

Each Personalized Separately Managed Account is a product of Russell Investment Management, LLC ("RIM") and offered through RIM's Personalized Managed Accounts ("PMA") program. It represents a model portfolio provided by RIM. For active SMAs, it reflects a composite of third-party investment advisors selected by RIM. When the model is implemented, PMA is a separately managed account program of individually owned securities that can be tailored to meet investor's investment objectives. RIM offers diversified, single or multi-asset managed accounts that can be customized to the investor's investment objectives, circumstances and preferences, such as (but not limited to), market exposure, risk management, tax management, category and theme-based restrictions, and return objectives. Excluding any allocations to pooled investment vehicles, if any, each investor's account is managed separately from other investor accounts, allowing for a personalized experience to deliver unique investment outcomes.

Diversification and strategic asset allocation do not assure a profit or guarantee against loss in declining markets. Please remember that all

investments carry some level of risk. There are no assurances that the objectives stated in this material will be met. Investment in one or more separately managed accounts is not a complete investment program and involves risk; principal loss is possible. The principal value of the account is not guaranteed at any time.

The decision to use PMA in investors' portfolios and related investment advice are provided through financial advisors and other financial intermediaries that are independent of RIM and its affiliates. Investors should consult their financial advisor to determine which services and programs are appropriate to meet their investment objectives.

Nothing contained in this material is intended to constitute legal, tax, securities or investment advice, nor an opinion regarding the appropriateness of any investment. The general information contained in this publication should not be acted upon without obtaining specific legal, tax and investment advice from a licensed professional.

Russell Investments' ownership is composed of a majority stake held by funds managed by TA

Associates Management, L.P. with a significant minority stake held by funds managed by Reverence Capital Partners, L.P. Certain of Russell Investments' employees and Hamilton Lane Advisors, LLC also hold minority, non-controlling, ownership stakes.
